Welcome to Fellow Velo – making your cycling holidays in France easy, memorable and enormous fun.

Fellow Velo was born out of a passion for pedalling and a love affair with France. We started Fellow Velo to pursue a dream and to share fantastic experiences with others; people who are drawn to the gentle adventures that cycle touring can offer to everyone. Between us, we have worked and played in France for years and, have cycled thousands of miles from top to bottom.

We have a range of guided cycling holidays in France from tours of Paris, Entre Deux Mers, Canal du Midi to the hilltop harbours. You can either cycle individually, or as both families and groups of friends..

Guided Tours

Our Fully Guided Tours are carefully designed to offer you all the support you would ever need on a cycling adventure or, we can take just a little step back and create the freedom for you to explore more independently on a Self-guided Tour.

Bespoke and Independent Tours

Bespoke packages make up a great number of the tours we develop; we can work with your wishlist to create a cycling holiday just for you. You can join our cycling holidays as groups of friends, families or as an individual. We can also arrange exclusive cycle tours for groups and organisations seeking to share their adventures together.
