

About Fellow Velo

Cycle . . . Friendly . . . France

Fellow Velo – making your French cycling holiday easy, memorable and enormous fun. Fellow Velo was born out of a passion for pedalling and a love affair with France.

We started Fellow Velo to pursue a dream and to share fantastic experiences with others; people who might be drawn to the gentle adventures that cycle touring can offer to everyone. You can join holiday tours as groups of friends, families or as an individual. We can also arrange exclusive cycle tours for groups and organisations seeking to share their adventures together.

Between us, we have worked and played in France for years and, have cycled

thousands of miles from top to bottom. Our own biggest ride was in 2014 when we rode the 'Length and Breadth'; you can read that story at
