

Family Friendly

Family Friendly Fun with Fellow Velo

Cycling has always been a great way for families to explore and discover new places, at a pace to suit your mood, while having fun and staying healthy. We love to see families out on their bikes sharing special moments and creating their own great memories. Families of any ages are very welcome on our tours, all that we ask is that you read about each tour carefully and decide whether you are comfortable with the **Tour Grade**, the length of the rides and the number of consecutive days cycling. While we will happily talk you through all the options, you will always know your family's cycling ability so, if you are confident about joining a tour then, we will happily welcome you to Fellow Velo. Your family is made up of individuals and, all of our tours are individuals too.

On our Fully Guided Tours, we'll be with you all the way and can offer all the support you might need or, you take could a Self-guided Tour where you can ride at whatever pace you choose but, with back-up support close at hand.

We choose our cycling routes with great care but, we believe that real adventures on a bike can be enjoyed by almost anyone. We have ridden quiet lanes and tracks with young children, been on cycle camping tours with families and even pedalled with teenagers down the Champs-Élysées in Paris. Choose our Provence **Bed by the Med** Tour for easy cycling days and plenty of opportunities to dive into the sea or, our **Baie de la Somme** Tour just a quick hop over the Channel for quiet lanes and tracks or, think about stretching your legs while camping along the course of the **Canal du Midi**.

We can provide trailers, child-seats, tagalongs or smaller bikes to suit your group's needs. Just give us a call to find out more about how your family can have its own cycling adventure.
